

- TASTE THE DIFFERENCE -

MODEL 44RMT

Our top of the range, high volume, single flavour, pressurised (pump fed) machine. The ideal machine for seasonal kiosks, ice cream parlours and busy restaurants.

The Electro Freeze Advantage

- **Patented Mix Transfer System*** the simplest and most reliable pressurised system available.
- **Adjustable Overrun** to suit the mix being served.
- **Flexible Mix Storage System**, pumps directly from bag in box or from mix tank.
- **Superior Product**, consistently the best ice cream available, smooth, creamy and profitable.
- **Self Closing Handle**, prevents mess and eliminates waste.
- **Adjustable Dispense Rate**, set to meet your specific dispensing speed and volume requirements.
- **Exclusive Beater Design**, with demountable blades which can easily be replaced.
- **Energy Conservation Mode**, reduces energy cost and holds product safely during non business hours
- **Superior Low Temperature Refrigeration System**, provides the best in class production and product quality.
- **Manufactured using the Latest Technology**, designed to be easy to operate, with a long working life.
- **Experience Tells**, Electro Freeze has been manufacturing soft ice cream machines in the U.S.A. since 1929.
- **All New Electro Freeze Machines** are supplied in the U.K. with a **Three Year Parts & Labour Warranty**.
